

2025 Bike Tours

with Ben & Becky

The ULTRA Scenic Ride of a Lifetime: McKenzie Pass, Oregon

For Intermediate cyclists, this ride is a MUST! In early June, the road is closed to car traffic, so you ascend safely to the top where the most awesome vistas of Central Oregon await you. You have the option to ascend to the peak and return the same route, or continue down the western side for different views. Your host prepares breakfasts and one gourmet special dinner; other meals are on your own. Activities include a day with a flatter warm-up ride and one day of optional biking or hiking. Accommodations are in a 6 bedroom house on the Deschutes river.
